## 2. BASIS OF PREPARATION

### (a) Statement of compliance

The unaudited condensed consolidated interim financial statements have been prepared in accordance with Hong Kong Accounting Standard (“HKAS”) 34 “Interim Financial Reporting” and other relevant HKASs and Interpretations and Hong Kong Financial Reporting Standards (“HKFRSs”) issued by the Hong Kong Institute of Certified Public Accountants (“HKICPA”) and the disclosure requirements set out in Appendix 16 to the Rules Governing the Listing of Securities (the “Listing Rules”) on the Stock Exchange.

The unaudited condensed consolidated interim financial statements should be read in conjunction with the Annual Report of the Group for the year ended 31 March 2018.

The unaudited condensed consolidated interim financial statements are presented in Hong Kong dollars (“HK\$”) which is the same as the functional currency of the Group, rounded up to the nearest thousand, unless otherwise indicated.

### (b) Going concern

In preparing the unaudited condensed consolidated interim financial statements, the directors have considered the future liquidity of the Group in view of its net current liabilities position as at 30 September 2018. The Group incurred a consolidated net loss after taxation attributable to owners of the Company of approximately HK\$22,074,000 for the six months ended 30 September 2018, and had consolidated net current liabilities of approximately HK\$69,295,000 as at 30 September 2018. The net current liabilities were mainly contributed by the convertible bonds of the sum of HK\$94,023,000 issued in favour of Mr. Ng Man Sun. In this regard, Mr. Ng Man Sun confirmed with the Company that if, in any case, the Company is unable to fulfill its obligations of the convertible bonds by the mature date, he is willing to further extend the convertible bonds for a period of 24 months under the same terms.

The directors adopted the going concern basis in the preparation of the unaudited condensed consolidated interim financial statements by successfully obtaining the unsecured loan facility from an independent third party in order to improve the working capital position, the immediate liquidity and the cash flow position of the Group.

In the opinion of the directors, in light of the aforesaid arrangement implemented to date, the Group will have sufficient working capital for its current requirements and it is reasonable to expect that the Group will remain as a commercially viable concern. Accordingly, the directors are satisfied that it is appropriate to prepare the unaudited condensed consolidated interim financial statements for the six months ended 30 September 2018 on a going concern basis. Should the Group be unable to continue to operate as a going concern, adjustments would have to be made to write down the value of assets to their recoverable amounts, to provide for future liabilities which might arise and to reclassify non-current assets and non-current liabilities to current respectively. The effect of these adjustments has not been reflected in the unaudited condensed consolidated interim financial statements.

**(c) Judgments and estimates**

Preparing the unaudited condensed consolidated interim financial statements requires the directors to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses on a year to date basis. Actual results may differ from these estimates.

In preparing these unaudited condensed consolidated interim financial statements, significant judgments made by the directors in applying the Group's accounting policies and the key sources of estimation uncertainty were the same as those that applied to the Group's consolidated financial statements for the year ended 31 March 2018.

**3. SIGNIFICANT ACCOUNTING POLICIES**

The unaudited condensed consolidated interim financial statements have been prepared on the historical cost convention except for certain financial instruments which are measured at fair value, as appropriate.

Taxes on income in the interim periods are accrued using the tax rate that would be applicable to expected total annual earnings.

The accounting policies used in the unaudited condensed consolidated interim financial statements are consistent with those followed in the preparation of the Group's annual financial statements for the year ended 31 March 2018, except in relation to the following new and revised HKFRSs issued by the HKICPA that affect the Group and are adopted for the first time in the current period's financial statements.

HKFRS 9	Financial instruments
HKFRS 15	Revenue from contracts with customers and the related amendments
HK(IFRIC) – Int 22	Foreign currency transactions and advance consideration
Amendments to HKFRS 2	Classification and measurement of share-based payment transactions
Amendments to HKFRS 4	Applying HKFRS 9 Financial instruments with HKFRS 4 Insurance contracts
Amendments to HKAS 28	As part of the Annual Improvement to HKFRSs 2014 – 2016 Cycle
Amendments to HKAS 40	Transfers of investment property

The adoption of the new and revised HKFRSs in the current interim period has had no significant financial effect on these unaudited condensed consolidated interim financial statements.

As mentioned in note 14 above, the Company issued CB1 and CB2 to settle part of the PNs.

### CB1

The principal amount of CB1 is HK\$30,000,000. The holders of the CB1 will be able to convert the outstanding principal amount in whole or in part (in multiples of HK\$1,000,000) into ordinary shares of the Company at a conversion price of HK\$0.249 per conversion share (subject to be customary anti-dilutive adjustments) until the maturity date (i.e. 23 October 2020). The Company has an option to early redeem the CB1 at an amount equal to 100% of the principal amount any time since the issue date but before the maturity date. The CB1 is not interest bearing.

The CB1 is determined to be a compound financial instrument with a conversion option, that will or may be settled by an exchange of a fixed number of ordinary shares of the Company for a fixed amount of cash, being treated as equity. The liability components include host debt component (being the Company’s obligation to pay the principal amount of the CB1 on maturity date if the CB1 is not converted or redeemed).

On initial recognition of the CB1, the equity component is assigned the residual amount after deducting from the fair value of the instrument as a whole the amount separately determined for the liability component. The value of the early redemption option embedded in the CB1 other than the equity component (i.e. the conversion option) is included in the liability component. Accordingly, on initial recognition, the Group first determines the carrying amount of the liability component by measuring the fair value of a similar liability that does not have an associated equity component. The carrying amount of the equity instrument is then determined by deducting the fair value of the financial liability from the fair value of the CB1 as a whole. The fair value of the liability component was calculated using a discounted cash flow approach. The key unobservable input of the valuation is the discount rate adopted of 14.34%. At subsequent reporting dates, the liability component (that does not include the early redemption option) is carried at amortised cost with an effective interest rate of 14.34%.

Movements of the carrying amount of the liability component of the CB1 are as follows:

	<b>30 September 2018 HK\$'000 (Unaudited)</b>	31 March 2018 HK\$'000 (Audited)
At the beginning of the period/year	–	–

## **CB2**

The principal amount of CB2 is HK\$104,500,000. The holder of the CB2 will be able to convert the outstanding principal amount in whole or in part (in multiples of HK\$1,000,000) into ordinary shares of the Company at a conversion price of HK\$0.3 per conversion share (subject to be customary anti-dilutive adjustments) until the maturity date (i.e. 23 July 2019). The Company has an option to early redeem the CB2 at an amount equal to 100% of the principal amount any time since the issue date but before the maturity date. The CB2 is not interest bearing.

The CB2 is determined to be a compound financial instrument with a conversion option, that will or may be settled by an exchange of a fixed number of ordinary shares of the Company for a fixed amount of cash, being treated as equity. The liability components include host debt component (being the Company's obligation to pay the principal amount of the CB2 on maturity date if the CB2 is not converted or redeemed).

On initial recognition of the CB2, the equity component is assigned the residual amount after deducting from the fair value of the instrument as a whole the amount separately determined for the liability component. The value of the early redemption option embedded in the CB2 other than the equity component (i.e. the conversion option) is included in the liability component. Accordingly, on initial recognition, the Group first determines the carrying amount of the liability component by measuring the fair value of a similar liability that does not have an associated equity component. The carrying amount of the equity instrument is then determined by deducting the fair value of the financial liability from the fair value of the CB2 as a whole. The fair value of the liability component was calculated using a discounted cash flow approach. The key unobservable input of the valuation is the discount rate adopted of 13.84%. At subsequent reporting dates, the liability component (that does not include the early redemption option) is carried at amortised cost with an effective interest rate of 13.84%.

Movements of the carrying amount of the liability component of the CB2 are as follows:

The Company believes that with this uncertainty possibly removed, it shall have positive effect on the financial position and net asset value of the Company.

## **BUSINESS REVIEW**

With the efforts made in previous year, the business of the Group has come back on track during the Period under Review. It was a time when the Company had made few steps forward in eliminating the adversity while fine-tuning the business structure of the Company so that there shall be a strong foundation for the Group to capture the growth opportunities in the gaming industry in Cambodia and other ASEAN areas. The development during the Period under Review allowed the Group to further penetrate into these new markets, helping the Group to expand and grow.

### **Business Operation of Forenzia Enterprises Limited**

The Group has acquired 60% equity interests in Forenzia Enterprises Limited in 2014, which principally operates gaming business in Vanuatu under an interactive gaming license valid for a period of 15 years from February 2014.

During the Period under Review, the volatility of the global market conditions had convinced that the Company has made an appropriate decision to proactively adjusted its positioning and adopted a more conservative strategy by reviewing and cutting the operational expenses for the business in Vanuatu since December 2016. With the objective for steady and healthy development of the Company, the Company shall maintain this conservative and prudent strategy on the business in Vanuatu while stay alert to the macro economic condition and make suitable adjustment and fine-tuning the business strategy accordingly.

### **Augmented reality (“AR”)/Virtual reality (“VR”) entertainment and mobile games solutions**

Explicitly Grand Investments Limited (“Explicitly Grand”), a wholly-owned subsidiary of the Company, and its subsidiaries (collectively the “Explicitly Grand Group”) specialize in the AR/VR entertainment developments and apps on mobile devices platforms and also provide customized IT and design solutions for its customers which include real estate companies, retails, food and beverage, electronics, manufacturing and entertainment and theme parks in China. During the Period under Review, the Explicitly Grand Group had contributed a revenue of approximately HK\$2.8 million to the Group.

Pursuant to the supplemental agreement dated 15 August 2017 regarding acquisition of 100% of the issued share capital of Explicitly Grand Group whereby the Vendors shall undertake and guarantee to the Company that (i) the net profit after taxation of the Explicitly Grand Group and excluding extra-ordinary items, one-off items, any amounts received or written back for debt or any other provisions for the year ending 31 March 2018 will be no less than HK\$4.91 million in accordance with generally accepted accounting principles in Hong Kong (the “2018 Guaranteed Profit”); and ii) the aggregate value of the legally-binding contracts the Explicitly Grand Group entered into during the period from 1 April 2018 to 31 March 2019 will not be less than HK\$6 million which shall be verified by the Company’s legal advisor (the “2019 Guaranteed Performance”).

Based on the audited consolidated financial statements of the Explicitly Grand Group, actual profit for the financial year ended 31 March 2018 was approximately HK\$5.67 million. Therefore, the 2018 Guaranteed Profit had been fulfilled.

With regards to the 30 mobile game apps (“Mobile Game Apps”) acquired on 30 March 2017 at a consideration of HK\$27 million by issuing 60,000,000 consideration shares, during the Period under Review, the Company had intended to dispose of the Mobile Game Apps at a consideration of HK\$30 million (“Proposed Disposal”) to an independent third party but the transaction was terminated due to uncertainties arise on the fulfillment of payment obligation by the purchaser. Details of the Proposed Disposal and the termination of the Proposed Disposal are set out in the announcements of the Company dated 30 April 2018, 29 June 2018 and 31 July 2018.

### **Gaming Business in Cambodia**

The Company has been operating a VIP Room with 13 baccarat tables in Cambodia via Victor Mind Global Limited (VMG), a wholly-owned subsidiary of the Company, since 1 December 2017. The operation of the VIP Room was outsourced to an independent operator appointed by VMG. During the Period under Review, the revenue generated from the VIP Room was approximately HK\$50.3 million.

The Company, through the VIP room operation, has gained knowledge and understanding of the gaming business in Cambodia and also in other areas in Asia Pacific region. During the Period under Review, the Company had leveraged its valuable experience to further broaden its income source. On 11 October 2018, VMG and Cheung Shing Global Travel Entertainment Limited (“CSG”), a wholly-owned company by Mr. Ng Man Sun, the Chairman and Chief Executive Officer of the Company, had entered into a service agreement (the “Service Agreement”), pursuant to which VMG shall provide technical and pre-opening services in relation to a casino in Cambodia (the “Casino”) operated by CSG, including (i) the design, development and implementation of information technology system in the Casino; (ii) the overall design of the Casino; (iii) the establishment of organization and operation structure of the Casino; (iv) the setting up of internal control system of the Casino; (v) the provision of headhunting and recruiting services for the Casino; (vi) the procurement of essential hardware, equipment and peripheral facilities of the Casino; (vii)

Pursuant to the Service Agreement, VMG shall receive service fees of HK\$9,000,000 for the provision of technical and pre-opening services to the Casino. As CSG is regarded as a connected person of the Company under Chapter 14A of the Listing Rules, the transactions contemplated under the Service Agreement constitute continuing connected transactions of the Company under Chapter 14A of the Listing Rules. There is an annual cap of HK\$9,000,000 for the service fees payable by CSG to VMG under the Service Agreement for the year ending 31 March 2019.

The Board believes that the services rendered to CSG provide the Company with additional income source. Meanwhile, it proves that the understanding and knowledge in gaming industry in Asia Pacific Region does not only mean that business scope of the Company shall be restricted to the operation of casino. The Company can also utilize its knowledge to provide services to other casinos. During the provision of services to other casinos, the Company believes it can further build up its reputation while enhancing and updating its knowledge in the gaming industry in Asia Pacific Region, which further create a competitive edge.

### **Greek Mythology**

The Group holds 24.8% equity interests in Greek Mythology (Macau) Entertainment Group Corporation Limited (“Greek Mythology”), which operates and manages Greek Mythology casino at Beijing Imperial Palace Hotel (formerly known as New Century Hotel) in Macau. With Greek Mythology refusing to provide the Company with valid financial information since 2012, the Group has initiated a series of legal actions to obtain the relevant annual accounts and requesting the repayment of the outstanding amount due from Greek Mythology. However, Greek Mythology failed to respond to such requests.

Having considered the position of Greek Mythology and according to further advice from the Macau lawyers, the Company applied to the Macau Court on 19 June 2017 for the appointment of Mr. Ng Man Sun, Chairman and Chief Executive Officer of the Company, as the administrator of Greek Mythology (the “Application”). If the court order is granted, the Company would have access to the financial information of Greek Mythology and participate in the management of Greek Mythology.

On 7 June 2018, the Company was informed by the Macau lawyer that the Macau Court had failed to summon the existing board members of Greek Mythology (the “GM Board members”) on 29 May 2018. The Macau lawyer advised that they have then submitted a request to the Macau Court for the approval for publicly publishing the corresponding summon.

On 4 October 2018, the Macau Court had approved for the publication and on 15 October 2018 and 16 October 2018 (the “Publication Date”) respectively, the Company had publicly published the summon. Within ten days upon the expiry of the notice period, which is 30 days from the Publication Date, should there be no objection for the Application, the Macau Court shall continue with the proceedings of the Application with the absence of the GM Board members.

The Board is fully aware of and has been trying all possible steps to remove the prolonged disclaimer of opinion raised by the auditors. However, the Board is also aware that such disclaimer of opinion was a result of some historical events which require significant resources and effort to resolve. The Company is continuing to consider taking all steps appropriate to resolve the Greek Mythology issues. It also closely monitors developments pertaining to this matter and will inform shareholders of any significant progress.

### **OUTLOOK AND PROSPECT — Dawn of a New Era**

During the Period under Review, the Company had been striving hard and had succeeded to leap over the hurdles that might have dragged the feet of its business development. The Company had settled the lengthy dispute in relation to the promissory notes. It paved a smooth way for the Company to concentrate on its future business development. Nevertheless, the Company also believes that prudent actions shall be taken for sustainable development, especially when the current macro-economic situation had painted a rather uncertain and volatile picture around the world.

During the Period under Review, the Company had refined its business structure in accordance to the market situation, while grabbed hold of the opportunity to cement our position in the gaming industry in Cambodia, if not, the ASEAN. The number of visitors in Cambodia, especially the tourists from Mainland China, has been growing which is evidence that Cambodia is an evolving destination for tourism and investment. By entering into the VIP room business in Cambodia and the Service Agreement, not only did the Company successfully open new income sources with its valuable experience and knowledge in the gaming industry, but also further established its reputation in Cambodia.

Meanwhile, the Company is aware of, and shall continue to liaise with relevant professional parties including the auditors, financial advisors and legal representative, to eliminate the difficulties upfront especially on the development on Greek Mythology and, correspondingly, the disclaimer of opinion raised by the Company’s auditors. The Company and the Board shall continue to identify all possible solutions to address the disclaimer of opinion.

### **Appreciation**

The Board would like to take this opportunity to thank the management and staff for their contributions and support, and looks forward to sharing the Group’s successes with them. It also wishes to express its gratitude to the Group’s investors and shareholders for their trust and unwavering support, and will be fully committed to delivering long-term value and optimum returns to both parties.

The Company has also received the confirmation of independence from each INED and has grounds to believe that they are independent of the Company.

Code provision E.1.2 of the CG Code provides that the chairman of the board should attend the annual general meeting.

Due to other business commitments, Mr. Ng Man Sun, being the Chairman of the Board, was unable to attend the AGM of the Company held on 30 August 2018.
